

INNO2MARE

Young Innovation Leader Recognition AWARD

to exceptional women professional

Ana Čalić

MSc Science, Business & Innovation
Vrije Universiteit Amsterdam
Chief Commercial Officer at Navela

For her contribution to boating industry, sustainability advocate, and business leader working at the intersection of technology, innovation, and the marine environment. Leading commercial strategy and delivers end-to-end solutions for boatbuilders, dealers, charter companies, and private clients—elevating the boating experience through seamless service, advanced propulsion systems, and customer-centric innovation.

Founder of Women in Nautica, an international initiative dedicated to empowering women in the boating industry through conferences, mentorship, media, ambassadorships, retreats, and a podcast. Through her work, she champions sustainability, diversity, and community-building, driving meaningful change across the global marine industry.
